FOR RELEASE \_\_\_\_\_ April 21, 2020 \_\_\_\_\_

Auditor of State Rob Sand today released the State of Iowa's Single Audit Report for the year ended June 30, 2019. The report covers the expenditure of federal funds by all State agencies, institutions and universities and includes a review of internal controls and compliance with federal laws and regulations.

**FINANCIAL HIGHLIGHTS:**

The State expended approximately \$9.3 billion of federal funds in fiscal year 2019, an increase of approximately \$350 million, or 3.9% over the prior year. Changes in non-loan programs included an increase of approximately \$322 million in funding for Medicaid expenditures.

Expenditures included approximately \$3.5 billion for Medicaid, \$1.3 billion in capitalization grants for clean water state revolving funds, \$543 million for highway planning and construction, \$490 million for capitalization grants for drinking water state revolving funds and \$471 million for unemployment insurance. Although the State of Iowa administered approximately 600 federal programs during the year ended June 30, 2019, these five programs accounted for 67% of total federal expenditures.

**AUDIT FINDINGS:**

Sand reported seven internal control deficiencies at various State agencies. They are found on pages 69 through 77 of this report. The control deficiencies address issues such as lack of policies and procedures to ensure various reports are reviewed, approved and submitted to the U.S. Department of Labor prior to the due date, to ensure all required information is included in awards to subrecipients, to ensure all facilities are surveyed within the required interval and to ensure policies pertaining to proper allocation of employee time are properly communicated. Sand has provided the State agencies with recommendations to address each of the findings. The recommendations and management's responses are included in the Schedule of Findings and Questioned Costs.

Four of the seven findings discussed above are repeated from the prior year.

A copy of the report is available for review on the Auditor of State's web site at <https://auditor.iowa.gov/reports/audit-reports/>.

March 30, 2020

To the Governor and Members of the General Assembly:

We are pleased to submit the Single Audit Report for the State of Iowa for the year ended June 30, 2019. The audit of compliance was conducted in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance).

The Single Audit Report reflects federal expenditures of approximately \$9.3 billion. This report includes significant deficiencies in internal control relating to major programs. The significant deficiencies are reported in the Schedule of Findings and Questioned Costs. The Single Audit Report includes an unmodified opinion on the State's compliance with requirements applicable to each of its other major federal programs.

The State of Iowa's Comprehensive Annual Financial Report for the year ended June 30, 2019 has been issued separately by the Iowa Department of Administrative Services. In addition, in accordance with Government Auditing Standards, our report on the State of Iowa's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters was issued under separate cover. Copies of these reports are available for review on the Auditor of State's web site at <https://auditor.iowa.gov/reports/audit-reports/>.

We would like to acknowledge the many courtesies and assistance extended to us by the staff of the State agencies, institutions and universities during the course of our audit of compliance. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Rob Sand".

Independent Auditor's Report on Compliance  
for Each Major Federal Program, on Internal Control over Compliance  
and Report on Schedule of Expenditures of Federal Awards  
Required by the Uniform Guidance

To the Governor and Members of the General Assembly:

Report on Compliance for Each Major Federal Program

We have audited the State of Iowa's compliance with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of the State of Iowa's major federal programs for the year ended June 30, 2019. The State of Iowa's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs.

The State of Iowa's basic financial statements include the operations of the Iowa Finance Authority, a discretely presented component unit, which received approximately \$72,819,000 of federal awards which is not included in the State of Iowa's Schedule of Expenditures of Federal Awards for the year ended June 30, 2019. Our audit, described below, did not include the operations of the Iowa Finance Authority because other auditors were engaged to perform an audit in accordance with the Uniform Guidance.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the State of Iowa's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the State of Iowa's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the State of Iowa's compliance.

### Opinion on Each of the Other Major Federal Programs

In our opinion, the State of Iowa complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs identified in Part I of the accompanying Schedule of Findings and Questioned Costs for the year ended June 30, 2019.

### Report on Internal Control Over Compliance

The management of the State of Iowa is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the State of Iowa's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State of Iowa's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as items 2019-001, 2019-002, 2019-003, 2019-004, 2019-005, 2019-006 and 2019-007 which we consider to be significant deficiencies.

The State of Iowa's responses to the internal control over compliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The State of Iowa's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the State of Iowa as of and for the year ended June 30, 2019, and the related Notes to Financial Statements, which collectively comprise the State of Iowa's basic financial statements. We issued our report thereon dated December 17, 2019, which contained

unmodified opinions on those financial statements. Our report includes a reference to other auditors who audited the financial statements of the Tobacco Settlement Authority, the Iowa Public Television Foundation, the Iowa Public Radio, Inc., the Iowa Finance Authority, the University of Iowa Center for Advancement and Affiliate, the Iowa State University Foundation, the University of Northern Iowa Foundation, the University of Iowa Research Foundation and the University of Iowa Health System, as described in our report on the State of Iowa's financial statements. This report does not include the results of the other auditors' testing of compliance for each major federal program and internal control over compliance. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of Iowa's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Marlys K. Gaston, CPA  
Deputy Auditor of State

March 30, 2020, except for our report  
on the Schedule of Expenditures of  
Federal Awards, for which the date is

**State of Iowa**

Notes to Schedule of Expenditures of Federal Awards

For the Year Ended June 30, 2019

**(1) Significant Accounting Policies**

A. Reporting Entity

The reporting entity includes all State departments and other entities included in the State's Comprehensive Annual Financial Report, except for the Iowa Finance Authority, the University of Iowa Center for Advancement and Affiliate, the Iowa State University Foundation, the University of Northern Iowa Foundation, the University of Iowa Research Foundation and the University of Iowa Health System, which are discretely presented component units and the Tobacco Settlement Authority, Iowa Public Television Foundation and Iowa Public Radio, Inc., which are blended component units.

B. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of the State of Iowa under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Programs listed in the Catalog of Federal Domestic Assistance (CFDA) are so identified. Programs not in the catalog are identified as other federal assistance.

In accordance with the Uniform Guidance, federal financial assistance is defined as assistance which non-federal entities receive or administer in the form of grants, cooperative agreements, non-cash contributions or donations of property (including donated surplus property), direct appropriations, food commodities, loans, loan guarantees, interest subsidies, insurance and other assistance, but does not include amounts received as reimbursement for services rendered to individuals.

Because the Schedule presents only a selected portion of the operations of the State of Iowa, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the State of Iowa.

Type A programs, as defined by Uniform Guidance, are those programs for the State of Iowa which exceeded \$26,000,000 in federal awards expended during the year ended June 30, 2019.

C. Basis of Accounting

Expenditures reported on the Schedule are presented on the modified accrual basis of accounting except for those of the Enterprise, Universities and Unemployment Benefits Funds which are presented on the accrual basis. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

D. Indirect Cost Rate

Except for the agencies identified, the State of Iowa uses a federally negotiated indirect cost rate. Two State agencies, the Department of Justice and Iowa Public Television, have elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

E. Grantees

Assistance received directly from the federal government is shown by the grantee receiving the funds. Assistance received from other entities is so noted.

**(2) Non-Cash Assistance**

Non-cash assistance was as follows:

<u>Type</u>	<u>Issuances Year Ended June 30, 2018</u>	<u>Inventory June 30, 2018</u>
Commodities	\$ 18,889,309	1,292,646
Vaccines	35,179,057	58,368

Donated federal surplus personal property inventory is presented at the fair market value of the property received. The fair market value was estimated to be 22.47% of the property's original acquisition value, which was provided by the U.S. General Services Administration. This property was not reported in the State's Comprehensive Annual Financial Report.

**(3) Federally Funded Loan Programs**

Loan balances, including American Recovery and Reinvestment Act of 2009 (ARRA) related balances, of federally funded loan programs at June 30, 2019 were as follows:

CFDA No.	Program	Outstanding Loans June 30, 2019
14.228	Community Development Block Grants/ State's Program and Non-Entitlement Grants in Hawaii	\$ 39,268,606
66.458	Capitalization Grants for Clean Water State Revolving Funds, net of \$5,778,046 of forgivable loans	1,378,375,738*
66.458	ARRA - Capitalization Grants for Clean Water State Revolving Funds	9,581,529
66.468	Capitalization Grants for Drinking Water State Revolving Funds, net of \$14,048,605 of loan losses	463,354,585*
66.468	ARRA - Capitalization Grants for Drinking Water State Revolving Funds	3,815,000
84.038	Perkins Loan Program_Federal Capital Contributions	36,229,153
93.264	Nurse Faculty Loan Program (NFLP)	751,056
93.342	Health Professions Student Loans, Including Primary Care Loans/Loans for Disadvantaged Students	15,376,466
93.364	Nursing Student Loans	2,406,642

\* The outstanding loans consist of federal and state funds.

**(4) Unemployment Insurance**

Unemployment insurance expenditures for the year ended June 30, 2019, reported as CFDA No. 17.225, include the following:

Federal funds	\$ 30,374,379
State funds	<u>440,247,990</u>
Total	<u>\$ 470,622,369</u>

**State of Iowa**

State of Iowa  
Schedule of Findings and Questioned Costs  
For the Year Ended June 30, 2019

**Part I: Summary of the Independent Auditor's Results:**

- (a) Unmodified opinions were issued on the financial statements prepared in accordance with U.S. generally accepted accounting principles.
- (b) Significant deficiencies and a material weakness in internal control over financial reporting were disclosed by the audit of the financial statements. These are reported in the State of Iowa's report on internal control over financial reporting, issued under separate cover.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) Significant deficiencies in internal control over the major programs were disclosed by the audit of the financial statements, none of which are considered to be material weaknesses.
- (e) The independent auditor's report on compliance for the major programs expressed an unmodified opinion for each major program.
- (f) The audit disclosed audit findings which are required to be reported in accordance with the Uniform Guidance, Section 200.516.
- (g) The major programs were as follows:
  - CFDA Number 10.557 – WIC Special Supplemental Nutrition Program for Women, Infants, and Children
  - CFDA Number 17.225 – Unemployment Insurance
  - CFDA Number 20.509 – Formula Grants for Rural Areas
  - CFDA Number 84.048 – Career and Technical Education – Basic Grants to States
  - CFDA Number 84.367 – Supporting Effective Instruction State Grants (formerly Improving Teacher Quality State Grants)
  - CFDA Number 93.569 – Community Services Block Grant
  - CFDA Number 93.767 – Children's Health Insurance Program

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2019

- Clustered Programs:

- Fish and Wildlife Cluster:

- CFDA Number 15.605 – Sport Fish Restoration

- CFDA Number 15.611 – Wildlife Restoration and Basic Hunter Education

- Aging Cluster:

- CFDA Number 93.044 – Special Programs for the Aging, Title III, Part B, Grants for Supportive Services and for Senior Centers

- CFDA Number 93.045 – Special Programs for the Aging, Title III, Part C, Nutrition Services

- CFDA Number 93.053 – Nutrition Services Incentive Program

**Prior Year Single Audit Report Finding Number: 2018-006**

**Iowa Department of Workforce Development**

**2019-001**

Payroll Distribution

Criteria – The Uniform Guidance, Part 200.430(i), states “Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed.” This section goes on to state, these records must “Support the distribution of the employee’s salary or wages among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and non-Federal award; an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.” The section also states “Budget estimates (i.e., estimates determined before the services are performed) alone do not qualify as support for charges to Federal awards, but may be used for interim accounting purposes, provided that: The system for establishing the estimates produces reasonable approximations of the activity actually performed; Significant changes in the corresponding work activity (as defined by the non-Federal entity’s written policies) are identified and entered into the records in a timely manner. Short term (such as one or two months) fluctuation between workload categories need not be considered as long as the distribution of salaries and wages is reasonable over the long term; and The non-Federal entity’s system of internal controls includes processes to review after-the-fact interim charges made to a Federal awards based on budget estimates. All necessary adjustment must be made such that the final amount charged to the Federal award is accurate, allowable, and properly allocated.”

Condition – The Department uses budget estimates to establish interim rates to allocate payroll costs to be used for Department budgeting and to provide employees with an estimate of time which is expected of them for their assigned programs. The Department has informed employees they are to be reporting the actual time worked on each program code which associates with a specific Federal, non-Federal, indirect or cost allocation program. Thirty-four employees who charged time to more than one program code for the fourth quarter of the fiscal year were selected for testing. Of the thirty-four employees selected, two employees did not deviate their hours from the original budget estimate. In addition, eight employees reported the exact same numbers of hours for each program code for every pay period.

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2019

Cause – Although the Department has established policies and procedures to require employees to document actual hours worked on program codes, not all employees appear to be reporting actual hours worked to the affected programs. In addition, the Department has not effectively communicated these policies and procedures to all employees.

Effect – Payroll costs could be charged to the incorrect program code which could result in allocating costs incorrectly to all programs, including the federal programs.

Recommendation – The Department should communicate the established policies and procedures to all employees to ensure employees are reporting actual hours worked on each program code rather than budgeted hours. Time records should be reviewed to ensure employees are complying with established policies and procedures.

Response and Corrective Action Planned – The Department will continue to communicate to employees that actual hours worked on each program should be reported each pay period. The Department will contact supervisors of employees who appear to be using the same program code allocation percentages, each pay period, to determine if actual hours were used. The Department will also review quarterly payroll variance reports for employees who appear to not be changing their time records.

Conclusion – Response accepted.

**CFDA Number: 17.225 – Unemployment Insurance**

**Agency Number: REEDMOD09, UI278583K1, UI279763K1, UI298417W0, UI298417W1, UI302177W0, UI31293EZ0, UI31293EZ1, UI31342BT0, UI31342BS0, UI31517EZ0, UI32599Q10, UI32703K20, UI32703K10, UI32839R20, UI32599HT0, UI32599J20**

Employment and Training Administration (ETA) Reports

Criteria – The Uniform Guidance, Part 200.303, requires the auditee establish and maintain effective internal control over the federal award which provides reasonable assurance the auditee is managing the federal award in compliance with federal statutes, regulations and the terms of the federal award. The ETA 227 report, “Overpayment Detection and Recovery Activities”, provides information on overpayments of intrastate and interstate claims under the regular state Unemployment Insurance (UI) program and under federal UI programs, including the Unemployment Compensation for Federal Employees (UCFE) and Unemployment Compensation for Ex-Service members (UCX) programs, established under Chapter 85, Title 5, U.S. Code. The report includes claims for regular, additional state programs and the permanent federal-state Extended Benefits (EB) programs. Data is provided for the establishment of overpayments, recoveries of overpayments, criminal and civil actions involving overpayments obtained fraudulently and an aging schedule of outstanding benefit overpayment accounts. The UI Reports Handbook No. 401 requires the report to be submitted quarterly on the first day of the second month after the end of the quarter.

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2019

Condition – Supporting documentation for the quarterly reports was not retained. Reports submitted were not reviewed and approved by an independent person for propriety prior to submission. In addition, three of the four quarterly reports were submitted between 1 and 19 days late.

Cause – Department procedures have not been established to retain supporting documentation for the data fields in the report. In addition, Department procedures have not been established to require documentation the reports were independently reviewed and approved and were submitted timely in accordance with the UI Reports Handbook.

Effect – The lack of supporting documentation and a documented review of these reports increases the risk for undetected reporting errors or misstatements. In addition, the lack of established policies and procedures resulted in the late submission of three quarterly reports.

Recommendation – The Department should establish policies and procedures to ensure reports are submitted timely and the support for the preparation of the report is retained. The policies established should also ensure the quarterly reports are reviewed and approved by an independent person who is knowledgeable about the program and are submitted by the due date. This independent review should be documented by the reviewer’s signature or initials and date of review prior to submission.

Response and Corrective Action Planned – Procedures have been established for transmitting the ETA 227 report. Included in the procedures are where to retain the supporting data file and review of the report by the Integrity Bureau Chief prior to final transmission. The report must be returned with a signature and date prior to submitting the finalized ETA 227 report to the Department of Labor within the reporting deadline.

Conclusion – Response accepted.

**CFDA Number: 17.225 – Unemployment Insurance**

Employment and Training Administration (ETA) Reports

Criteria – The Uniform Guidance, Part 200.303, requires the auditee establish and maintain effective internal control over the federal award which provides reasonable assurance the auditee is managing the federal award in compliance with federal statutes, regulations and the terms of the federal award. The ETA 902 report, “Disaster Unemployment Assistance Activities”, provides information on Disaster Unemployment Assistance activities when there is a disaster declared by the President. The UI Reports Handbook No. 401 requires the report to be submitted monthly on the 30<sup>th</sup> of the month to following the month to which the data relate.

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2019

Condition – The first required monthly report for Disaster Unemployment Assistance activities was due on May 30, 2019. Reports submitted did not include all activity for the period. For the month ended June 30, 2019, the number of weeks reported as compensated was understated 84 weeks and the amount compensated was understated \$22,072. In addition, one of the three required monthly reports was submitted 28 days late and all reports submitted were not reviewed and approved by an independent person for propriety prior to submission.

Cause – Department procedures have not been established to ensure the Disaster Unemployment Assistance Activities reports are accurate or to require documentation the reports were independently reviewed and approved and submitted in accordance with the UI Reports Handbook.

Effect – The lack of procedures to ensure the accuracy of the reports and to require a documented independent review of these reports increases the risk for undetected reporting errors or misstatements. In addition, the lack of established policies and procedures resulted in the late submission of one monthly report.

Recommendation – The Department should establish policies and procedures to ensure reports are accurate and properly supported. Department policies and procedures should ensure the monthly reports are submitted timely, are reviewed and approved by an independent person who is knowledgeable about the program and are submitted by the due date. The independent review should be documented by the reviewer's signature and date of review prior to submission.

Response and Corrective Action Planned – A policy and procedure has been established for transmitting the ETA 902 report. Included in the procedures are requirements to retain the supporting data files and review of the report by an independent knowledgeable reviewer prior to final transmission. The report will be returned with a signature and date prior to finalization. Iowa is working through all submitted ETA 902 reports for Disaster 4421 to reconcile any errors which were made. This review will be completed as of March 31, 2020. IWD will make necessary edits to the ETA 902 based on the guidance of U.S. Department of Labor.

Conclusion – Response accepted.

**Prior Year Single Audit Report Finding Number:** N/A

**Iowa Department of Workforce Development**

**2019-004**

Employment and Training Administration (ETA) Reports

Criteria – The Uniform Guidance, Part 200.303, requires the auditee establish and maintain effective internal control over the federal award which provides reasonable assurance the auditee is managing the federal award in compliance with federal statutes, regulation and the terms of the federal award. The ETA 2208A report, “Quarterly UI Contingency Report”, provides information on the number of staff years worked and paid for various UI program categories, and provides the basis for determining above-base entitlements. UI Reports Handbook No. 336 requires the report to be submitted electronically for each calendar quarter to the Employment and Training Administration of the U.S. Department of Labor within 30 days after the end of the reporting quarter to which it relates.

Condition – The Department has stated the Quarterly UI Contingency reports were reviewed and approved by an independent person prior to submission. However, this review was not documented for three of four quarterly reports.

Cause – Department procedures have not been established to require documentation the reports were independently reviewed and approved.

Effect – The lack of a documented review of these reports increases the risk for undetected reporting errors or misstatements.

Recommendation – The Department should establish policies and procedures to ensure the Quarterly UI Contingency reports are reviewed and approved by an independent person who is knowledgeable about the program. This independent review should be documented by the reviewer’s signature or initials and date of review prior to submission.

Response and Corrective Action Planned – A policy and procedure has been established. A review of the report before it was submitted was done by the Chief Financial Officer each quarter, but the review was not documented by the CFO’s initials and the date. This will be done moving forward.

Conclusion – Response accepted.

State of Iowa

**Federal Award Year: 2016, 2017, 2018, 2019**

**Prior Year Single Audit Report Finding Number: 2018-005**

**Iowa Department of Workforce Development**

**2019-005**

Trade Act Participant Report (TAPR)

Criteria – The Uniform Guidance, Part 200.303, requires the auditee establish and maintain effective internal control over the federal award which provides reasonable assurance the auditee is managing the federal award in compliance with federal statutes, regulations and the terms of the federal award. The TAPR provides a streamlined data collection on the Trade Adjustment Assistance (TAA) program activities and outcomes into a single streamlined reporting structure. The report captures information related to TAA applicants, including TAA participants who receive benefits and services across the program with a standardized set of data elements which includes information on participant demographics, types of services received and performance outcomes. The TAPR is intended to track information on TAA activity on a “real time” basis for individuals from the point of TAA eligibility determination through post-participation outcomes. As required by Training and Employment Guidance Letter No. 6-09, quarterly reports are to be submitted no later than 45 days after the end of each report quarter.

Condition – The Department has stated the reports were reviewed and approved; however, this review was not documented for one report submitted.

Cause – Department procedures have not been established to require documentation the reports were independently reviewed and approved.

Effect – The lack of a documented review of these reports increases the risk for undetected reporting errors or misstatements.

Recommendation – The Department should establish policies and procedures to ensure the quarterly reports are reviewed and approved by an independent person who is knowledgeable about the program. This independent review should be documented by the reviewer’s signature or initials and date of review prior to submission.

Response and Corrective Action Planned – The Department will receive the PIRL (formerly known as TAPR) file and will ensure an independent review of the trade-related data elements is completed prior to submission. This review will be completed by a knowledgeable, independent person by pulling a random sample of participants and reviewing the correct time frames and data elements are included in the file. After review, the independent reviewer will initial and date a printed copy of the random sample as evidence of the review.

Conclusion – Response accepted.

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2019

**U.S. Department of Health and Human Services**

**INSTANCES OF NON-COMPLIANCE:**

No matters were noted.

**INTERNAL CONTROL DEFICIENCIES:**

**CFDA Number: 93.569 – Community Services Block Grant**  
**Agency Number: 17B1IACOSR, 18B1IACOSR, 1901IACOSR**  
**Federal Award Year: 2017, 2018, 2019**  
**Prior Year Single Audit Report Finding Number: N/A**  
**Iowa Department of Human Rights**

**2019-006**

Awards to Subrecipients

Criteria – The Uniform Guidance, Part 200.331 states, “All pass-through entities must ensure every subaward is clearly identified to the subrecipient as a subaward and includes the following information at the time of the subaward and if any of these data elements change, include the changes in subsequent subaward modification. When some of this information is not available, the pass-through entity must provide the best information available to describe the Federal award and subaward.” Required information includes, in part, the Federal award date and total amount of the Federal award.

Condition – The Department did not include the Federal award date and total amount of the Federal award in the subaward to the subrecipients.

Cause – The Department has not established policies and procedures to ensure all required information is included in the subaward to the subrecipients.

Effect – The information required in the subaward to subrecipients was not included due to the lack of policies and procedures.

Recommendation – The Department should establish policies and procedures to ensure all required information is included in the subaward to subrecipients as required by Uniform Guidance, Part 200.331.

Response and Corrective Action Planned – The Department will implement procedures to be certain all subawards are compliant with the Uniform Guidance, Part 200.331 requirements. All future subawards, or modifications to current subawards, will have the required language inserted into the agreement.

Conclusion – Response accepted.

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2019

**CFDA Number: 93.777 – State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare**

**Agency Number: None**

**Federal Award Year: 2018, 2019**

**Prior Year Single Audit Report Finding Number: 2018-009**

**Iowa Department of Inspections and Appeals**

**2019-007**

Survey Frequency

Criteria – The Centers for Medicare and Medicaid Services (CMS), 2019 State Performance Standards System Guidance, Section F2(e), requires the Department to conduct a standard survey of each licensure agreement of nursing facilities no later than 15.9 months after the last day of the previous survey. In addition, the statewide average interval between standard surveys of licensure agreements must be 12.9 months or less.

Condition – The Department had 440 nursing facilities. Surveys were not conducted within the required 15.9 months after the previous survey for three facilities. The statewide average interval between standard surveys conducted by the Department for nursing facilities was 14.9 months.

Cause – Although Department policy requires surveys to be conducted at the required frequencies, the policies were not followed.

Effect – Surveys of nursing facilities were not performed at the required frequency.

Recommendation – The Department should review its procedures to ensure all facilities are surveyed within the required interval.

Response and Corrective Action Planned – The Department has established a monthly goal for the nursing home survey workload of 34 surveys per month. Since August 2019, the Department has met the goal of an average of 34 surveys per month for each of the six months (August 2019 – January 2020). In the 13-month period of January 2019 through January 2020, the Department hired 20 nursing home surveyors. The vast majority of the vacancies filled occurred due to retirement or promotion. 18 of the 20 new hires are currently able to carry a full survey workload. During the past year, those 18 surveyors have been in varying stages of the training process.

By establishing and maintaining the monthly average number of surveys of 34, the Department has consistently lowered the average number of months between surveys. At the current rate of survey activity, the Department is projected to reach a monthly average of 12.9 months (or less) between surveys by the end of April 2020. (Note: Since the overall monthly average is computed over 16 months for CMS's performance standard purposes, the Department may not meet the standard for the period June 2019 through September 2020. However, we anticipate meeting the standard from April 2020 forward.)

State of Iowa

Schedule of Findings and Questioned Costs

For the Year Ended June 30, 2019

With the survey cycle average reduced to 12.9 months or less, the Department will be able to schedule surveys well before the 15.9 month maximum for any individual provider. The survey cycle maximum is monitored on a monthly basis by the Bureau Chief and the Division Administrator for nursing facilities. If there is any facility with a survey cycle at or above 14.0 months, the facility is scheduled for survey prior to the date at which the survey cycle would reach 15.9 months.

Conclusion – Response accepted.
